Dear B1440 and BuilderMT Customers,

Recently, there seems to be some confusion on our commitment to continue to support the integration between BuilderMT WMS and B1440 Sales 1440 products. I am sending this letter as a follow-up to a letter I sent in January of this year, to ensure you that the interface between BuilderMT and Sales1440 will remain open and continue to be supported by BuilderMT and Builder1440, per the discussions I have had with the team at B1440.

In 2005, BuilderMT entered into an Agreement with Builder1440 to provide for the interface between our two respective programs. That Agreement remains in place today.

Furthermore, the Agreement provides for the continued support and update of an interface between WMS and Sales1440 to ensure that your business continues uninterrupted and to benefit from upgrades or enhancements our companies may develop.

If you have any questions regarding this letter or our Agreement, please feel free to contact me directly at 303.785.0107.

Sincerely,

A handwritten signature in black ink that reads "Tom W. Gebes". The signature is written in a cursive, flowing style.

Tom Gebes, President
